Bull's Cedron Bitters

AUTHENTIC DOCUMENTS VICESBURG, MISS., Aug. 9, 1863. DR. JOHN BULL-Dear Sir :- I am bappy Two and Four Horse Wagons. to state to you that I have used your valua ble Cedron Bitters with great benefit to myself, in general debility and prostration of my system, produced by the unhealthy and miasmutic influence of the Mississippi River around Vicksburg. I confidently recommend its use to all persons who are exposed

to unhealthy climates. H. W. Fogle,

Providence, Ala., May 13, 1866. Dr. Jeon Bull: I send you \$30 for Cedron Bitters; please send what it will A Large and Well Selected come to after paying freight to Columbus Miss. I have been troubled for several years with indigestion; have had to take pills every night for ten or fifteen years; and in February, 1864, I was attacked with general paralysis. I was confined to my room for the balance of the year; and, in fact, continued in a very weak and nervous condition until some two months since, when I was put under an operation, and your Cedron Bitters for treatment. I commenced improving right away, and am pretty well restored. Yours, truly, A. L. NEAL.

Bull's Worm Destroyer

To My United States and World-Wide Readers.

I have received many testimonials from professional and medical men, as my almanacs and various publications have shown, all of which are genuine. The following letter from a highly educated and popular physician in Georgia is certainly one of the most sensible communications I have ever received. Dr. Clement knows exactly what he speaks of, and his testimony deserves to be written in letters of gold. Hear what the Doctor says of BULL'S WORM DE STROYER:

VILLANOW, WALKER COUNTY, GA.,) June 29, 1866, Dr. John Bull-Dear Sir: I have re cently given your "Worm Destroyer" sev eral trials, and find it wonderfully efficacious. It has not failed in a single instance to have the wished-for effect. I am doing a pretty large country practice, and have daily use for some article of the kind. I am free to confess that I know of no remedy recom mended by the ablest authors that is so cer tain and speedy in its effects. On the contrary, they are uncertain in the extreme. My object in writing you is to find out upon what terms I can get the medicine directly from you. If I can get it upon easy terms, I shall use a great deal of it. I am aware that the use of such articles is contrary t the teachings and practice of a great majority of the regular line of M. D.'s, but I see no just cause or good sense in discarding a remody which we know to be efficient, sim ply because we may be ignorant of its com bination. For my part, I shall make it a rule to use all and any means to alleviate suffering humanity which I may be able t command-not hesitating because some one more ingenious than myself may have learned its effects first, and secured for himself the right to use that knowledge. However, I am by no means an advocate or supporter of the thousands of worthless nostrums that flood the country, which purports to cure all manner of disease to which homan flesh is heir. Please reply soon, and inform me of your best terms.

I am, sir, most respectfully, JULIUS P. CLEMENT, M. D.

Bull's Sarsaparilla A Good Reason for the Captain's Faith Read the Captain's letter and the letter

from his mother: Benton Barracks, Mo., April 30, 1866. Da. John Bull-Dear Sir: Knowing the efficiency of your Sarsaparilla, and the healing and beneficial qualities it possesses, I send you the following statement of my case. I was wounded about two years ago-was taken prisoner and confined for sixteen months. Being moved so often, my wounds have not healed yet. I have not sat up a moment since I was wounded. I am shot through the hips. My general health is im paired, and I need something to assist nature. I have more faith in your Sarsaparilla than in any thing else. I wish that that is genuine Please express me half a dozen bottles, and oblige

CAPT. C. P. JOHNSON, St. Louis Mo. P. S -The following was written April 30, 1865, by Mrs. Jennie Johnson, mother of Capt. Johnson.

Dr. Bull-Dear Sir. My husband, Dr. C. S. Johnson, was a skillful surgeon, and Bradford's Wheat and Corn Mills, physician in Central New York, where he lied, leaving the above C. P. Johnson to my care. At thirteen years of age he had a Marvin's Burgler and Fire Proof chronic diarrhea and scrofula, for which I gave him your Sarsaparilla. It cured him, I have for ten years recommended it to many in New York, Ohio, and Iowa, for scrofula, fever sores, and general debility Perfect success has attended it. The cures effected in some cases of scrofula and fever sores were almost miraculous. I am very anxious for my son to again have recourse to your Sarsaparilla. He is fearful of getting a spurious article, hence his writing to you for it. His wounds were terrible, but I believe he will recover. Respectfully, JENNIE JOHN: O V.
